- Vitamin C (Ascorbyl Palmitate) – Stabilised form, anti-inflammatory, antioxidant, improves radiance.

PRODUCTS THAT CHANGE LIVES

## Rejuvoderm Night Maintenance

### Product description

Rejuvoderm is a gentle yet powerful night treatment, specially created for sensitive or fragile skins. Infused with peach leaf extract, a unique carbohydrate complex, natural fruit acids, and antioxidant-rich vitamins and oils, it delivers gradual exfoliation, deep hydration, and soothing regeneration. Fine lines, pigmentation, and dullness are visibly reduced, leaving skin smoother, calmer, firmer, and more youthful-looking.

### Directions for use

PM: Cleanse with RégimA cleanser. Apply eye products and serums, then apply one full pump depression of Rejuvoderm to the face, avoiding the eye area and neck. May tingle a little on application. Do not apply to damaged/ broken skin.

AM: Cleanse skin thoroughly with RégimA cleanser in the morning and must always be followed by a day product containing sunscreen.
