

Luxury Body Enhancer – Anti-Ageing Biomimetic Peel + Polisher

Key Ingredients that Work

- Hi Pure 90 Lactic Acid – Highly purified lactic acid for safe, powerful exfoliation, cell renewal, moisturisation, and a brighter, smoother, younger-looking skin.
- Phytelene of Pineapple Extract – Natural enzymatic exfoliation (bromelain), detoxifying, brightening, rich in minerals and vitamins A & C to stimulate collagen and elastin.
- Phytelene of Papaya Extract – Papain enzymes dissolve dead cells without harming healthy skin, soothing inflammation, promoting healing, rich in antioxidants (A, C, E).
- Prickly Pear Cactus Extract – Stimulates natural desquamation, restoring healthy cell turnover, improving radiance and smoothness.
- Chestnut Seed Extract – Stimulates cell turnover, ceramide and fatty acid synthesis, strengthens skin barrier, combats dryness and dehydration.
- Inter-Penetrating Biopolymer (Kappaphycus Alvarezii & Caesalpinia Spinosa Fruit Extract) – Visible lifting, firming, re-elasticizing action for improved skin tone and resilience.

Luxury Body Enhancer – Anti-Ageing Biomimetic Peel + Polisher

Product description

A luxurious, pain-free body peel that delivers powerful, yet gentle, natural resurfacing. This advanced formulation combines enzymatic exfoliation from tropical fruits, high-purity lactic acid, prickly pear extract, and chestnut seed extract to stimulate natural cell renewal, restore epidermal balance, and boost skin health. It smooths, firms, re-elasticizes, and deeply nourishes, leaving skin instantly softer, more radiant, and visibly rejuvenated.

Directions for use

To be used as part of a RégimA in-salon treatment:

- Cleanse the body of any creams or oils.
- Apply Body Enhancer with fingers. May be applied to full body from the neck down.
- Do not apply to open wounds, nor following hair removal.
- Leave for 30 to 60 minutes as desired.

For more intense treatment on problematic or scarred areas:

- Add a couple of drops of Power Peel over the top.
- Therapist must wash hands thoroughly following application.
- Cleanse off thoroughly. If a smoker, first apply a very thin layer of O₂-Purifier.
- To be followed by either Target Cellulite, Slimming Sculpting Solution, or Intense Finishing Touch Gel.

MUST NOT be combined with any other product range.
