

Omega High Impact

Key Ingredients that Work

- Lactic, Malic & Citric Acids – Gentle natural exfoliation, smooth skin texture, fade pigmentation, boost collagen, re-elasticize.
- Blackcurrant Seed Oil – Rich in Omega 3 & 6, powerful anti-inflammatory, soothing, antioxidant protection.
- Super Carbohydrate Complex – Provides 72-hour hydration, strengthens skin barrier, boosts natural moisturising factors.
- Centelastin™ (Centella Asiatica Complex) – Heals, repairs, improves collagen synthesis, anti-glycation, protects against UV damage.
- Hydrogenated Polydecene – Deeply moisturising, strengthens skin barrier, softens wrinkles.
- Olive Fruit Oil – Rich in polyphenols, moisturising, protects against UV-induced damage.
- Stabilised Vitamin C – Antioxidant, anti-inflammatory, improves skin tone, supports collagen.
- Tocopheryl Acetate (Vitamin E) – Potent antioxidant, photo-protective, regenerative.
- Retinyl Palmitate (Vitamin A) – Anti-ageing, antioxidant, improves texture, promotes even tone.

PRODUCTS THAT CHANGE LIVES

Omega High Impact

Product description

Omega High Impact is a powerful anti-ageing treatment designed to target wrinkles, pigmentation, dullness, and sun damage. Harnessing the renewing power of three natural fruit acids (Lactic, Malic & Citric), combined with collagen-stimulating peptides, Blackcurrant Seed Oil and advanced antioxidants, this formula promotes gradual exfoliation and cell renewal while restoring hydration and elasticity. Skin becomes smoother, brighter, firmer, and more youthful with every use.

Directions for use

PM: Cleanse with RégimA cleanser. Apply eye products and serums, then apply one pump depression of Omega High Impact to the face, avoiding the eye area and neck. May tingle a little on application. Do not apply to damaged/broken skin.

AM: Cleanse skin thoroughly with RegimA cleanser in the morning and must always be followed by a day product containing sunscreen.
