

Rapid-Rejuvo Masque

Key Ingredients that Work

- Lactic Acid (AHA Action) – Stimulates cellular regeneration, exfoliates, improves texture, smooths fine lines, evens tone and color, combats pigmentation.
- Salicylic Acid (BHA Action) – Deeply exfoliates, decongests pores, clears blackheads, reduces irritation, anti-inflammatory, effective on problematic and acne-prone skin.
- Problem Skin Complex (Royal Jelly Mimic – 10-Hydroxydecanoic Acid) – Clinically tested, antibacterial, reduces excess sebum, purifies, protects against bacterial and fungal development, soothes and moisturizes.
- Meadowsweet Extract – Regulates sebum, balances hormones in the skin without systemic disruption, contracts pores, reduces seborrhea, limits bacterial growth, antimicrobial, stimulates natural antibiotic peptides.
- Botanical Complex (Watercress, Burdock, Sage, Ivy, Soapwort) – Anti-inflammatory, antibacterial, antiseptic, sebo-regulating, purifying, enhances micro-circulation.
- Panthenol (Pro-Vitamin B5) – Stimulates fibroblast activity for repair, provides deep moisturization, soothes and calms skin.

PRODUCTS THAT CHANGE LIVES

Rapid-Rejuvo Masque

Product description

A fast-acting, multifunctional super rejuvenating masque that smooths, softens, and revitalizes the skin for an instant youthful glow. Combining potent alpha and beta hydroxy acids with a powerful botanical complex, it rapidly exfoliates, boosts cell renewal, reduces congestion, and combats pigmentation. Meadowsweet and Royal Jelly mimic extract regulate oil, inhibit bacteria, and protect against acne, while Panthenol deeply hydrates and repairs. The result is a refreshed, firmer, clearer complexion with enhanced radiance and long-term anti-ageing benefits.

***STRICTLY IN-SALON PRODUCT**
