

Age Reversal Night Complex

Key Ingredients that Work

- Euglena Gracilis Extract – A powerful cell energiser that boosts skin metabolism, promotes repair, firms and tones, and revitalises tired skin.
- Biopeptide CL – An advanced anti-wrinkle peptide that stimulates collagen and glycosaminoglycan synthesis, reinforces the epidermis, protects collagen, and improves skin density and smoothness.
- Dermaxyl Oligopeptide – Restores communication between cells to repair age-related skin damage, smooth wrinkles, and strengthen skin barrier function.
- Super Carbohydrate Complex – Provides instant and long-lasting hydration (up to 72 hours), strengthens barrier function, improves softness, stimulates ceramide synthesis, and visibly smooths skin's surface.
- Olive Extract – Rich in polyphenols and antioxidants, helps protect skin from oxidative and UV damage.
- Rosehip Oil – Hydrates, soothes, reduces pigmentation and dark spots, improves skin clarity, and minimises fine lines.
- Blackcurrant Seed Oil – Rich in Omegas 3 & 6, provides environmental protection, calms inflammation, and improves skin resilience.
- Centella Asiatica Extract – A renowned wound-healing botanical with powerful antioxidant and anti-inflammatory properties that help repair and strengthen skin.

PRODUCTS THAT CHANGE LIVES

Age Reversal Night Complex

Product description

RégimA's Zone Age Reversal Night Complex is a technologically advanced, deeply hydrating night treatment that targets the mechanisms of skin ageing. Designed to protect, repair, and rejuvenate, it reduces visible signs of ageing while boosting skin's natural overnight renewal processes.

Formulated with a chronobiological cell energiser, anti-wrinkle peptides, and advanced hydration complexes, this treatment stimulates collagen synthesis, repairs age-related skin damage, strengthens barrier function, and smooths fine lines and wrinkles. Skin is left firm, toned, plumped, and intensely moisturised.

On waking, skin feels supple, refreshed, and visibly rejuvenated.
