

Régimã THE ZONE

Laser Azu-Repair

Key Ingredients that Work

- Azulene: Soothes and calms irritated skin, provides anti-inflammatory and anti-oxidant protection, and supports rapid tissue repair while offering photoprotective benefits.
- Pomegranate Oil: Rich in anti-oxidants, reduces inflammation, assists in procollagen synthesis, and supports skin regeneration and repair.
- Avocado Oil: Packed with vitamins and minerals, including Omega-3 fatty acids, it nourishes and softens skin while improving elasticity and resilience.
- Borage Oil: Helps brighten the skin, neutralize free radicals, and protect against elastase activity, promoting healthier, more supple skin.
- Bisabolol: Anti-inflammatory, anti-irritant, and anti-bacterial; enhances absorption of actives while soothing sensitive or damaged skin.
- Alpha-Tocopherol (Vitamin E): Powerful anti-oxidant that supports wound healing, regenerative processes, and protects against premature ageing.

PRODUCTS THAT CHANGE LIVES

Rejuvoderm Night Maintenance

Product description

Multifunctional gel for post-treatment and post-trauma care. Combines Azulene, Pomegranate Seed Oil, Borage, Bisabolol, and other actives to calm redness, reduce swelling, relieve irritation, hydrate, and promote rapid healing. Supports skin regeneration, improves elasticity, and restores suppleness.

Use only with RégimA home care essentials, especially after laser, peel, dermabrasion, or micro-needling treatments.
